

Mikva is the Re-Discovery of God's Love for Me.

Each time the moon finds the sun again, God wants His people to find Him again and to be illuminated afresh by His light.

We *experience* this light as feeling His presence and care, that our lives and actions matter to Him.

We *reflect* this light when our reality is a tangible revelation of God's will.

Even mistakes are meaningful and purposeful when they become part of the solution.

God cherishes your efforts to improve even more than perfection.

Tum'ah are those conditions which may endanger the consciousness of moral freedom, as they present living Man succumbing to physical necessity.

Immersing in the Mikva re-establishes the consciousness of your own spiritual height.

I can always rely on Hashem's love, even when it is out of sight.

I am *free* and *unconquerable* because I can always choose to face Hashem.

...and *that* is a Mikva experience to look forward to.

It's Time You Looked Forward to Mikva!
