

## **Yom Kippur is a Celebration of Our Ability to Grow and to Change.**

The first step in a personal accounting is to count your successes, to know your strengths.

The power of Yom Kippur is the power to feel the light of God's lovingkindness most intensely.

On Yom Kippur, we can be at a level of perfection that is usually beyond our reach.

We *experience* this light as feeling His presence and care, knowing our lives and our actions matter to Him.

We *reflect* this light by feeling our love for Him and a desire to do better for Him.

Everything you do has meaning and impact.

Even mistakes are meaningful and purposeful when they become part of the solution.

God cherishes your efforts to improve even more than perfection.

What one thing, if I did it better or more consistently, would bring me closer to that ideal I feel on Yom Kippur?

A small step *is* a great journey.

Yom Kippur is a holiday!  
Savor the day!

*It's Time You Looked Forward to Yom Kippur!*
